

TEAM STEAM ROBOTICS

INTRO TO ROBOTICS

For one week, 6th-8th graders join the Lawrence robotics team, Team STEAM, to build, program, drive, and compete with small robots.

The Intro to Robotics Summer Camp is aimed towards incoming 6th-8th graders.

*Maximum enrollment of 30 students per session.

The local FIRST robotics team, Team STEAM is hosting a camp that teaches sixth through eighth graders to build and program small robots. Students will learn to wire motors, program using C# and the Raspberry Pi, and participate in team competitions. Students will form alliances for competitions and drive their robots to complete tasks and earn points. Students learn to collaborate in a small group setting, working within their groups and with other groups.
